DECISION N°: WEC_2021_D0017_All_Personnel_on_the_working_area

DATE: 18/03/2021 **FROM:** The WEC Committee

SUBJECT: Presence of personnel at the departure of the car from the working area

APPLICABLE REGULATION

Article 12.2.2.d) 2021 FIA World Endurance Championship Sporting Regulations

DECISION

For safety reasons, the WEC Committee would like to clarify the article 12.2.2.d) of the FIA World Endurance Championship Sporting Regulations.

As Article 12.2.1 "For personnel working on the car: the presence of equipment and personnel in the working area is only authorised when the car is present, and its engine is off." Must be respected at all time during a pit stop, the WEC Committee finds clearer to delete the last sentence of article 12.2.2.d) as follow:

12.2.2 Pit stop procedure

(...)

d) Departure of the car from the working area

A car controller is responsible for allowing the car to leave the working area safely.

~~All persons permitted in the working area must return promptly to the garage after the car departs.~~
