

FIA World Endurance Championship

6 Hours of FUJI

From: the Race Director

Communication N° 01/2023

To: all Entrants in the Event

1 – ACCESS TO THE FAST LANE DURING QUALIFYING

Before the start of each part of the qualifying session (Art 1.4.1), the Race Director will specifically inform:

- a) When cars are allowed to enter the working lane (Art 10.2.1).*
- b) When cars are allowed on the fast lane to head to pit exit.*

This will be done via Pit Wall Radio and Timing Monitors.

2 – COMMITMENT TO ENTER THE PIT LANE

At the moment that pit entry closes any car that has 2 or more wheels to the right of the dotted line at pit entry will be considered that as being committed to the pits. In these conditions the car may do its normal pit stop.

Eduardo Freitas
FIA Race Director
