**PURPOSE OF THE REQUEST**

**D13\_All\_Compensation\_ballast\_Amended**  
...  
“The minimum driver weight that will be considered for the Competition is the one declared in ACO Tech by the Competitor **prior to the completion of administrative checks** of the relative Competition.”

**Request:**

We would of course like to fill the exact drivers’ weights on ACO Tech.

As you know, over a season starting in February and ending in November, the drivers’ weight could change from one Competition to the other one. Therefore, it needs to be checked each time.

During the season, most of the drivers will arrive in the paddock the day of administrative and scrutineering checks.

In the Imola’s V1 timetable, the completion of administrative checks is Thursday at 13:00 and the completion of the scrutineering checks is Thursday at 19:00.

As we would like to send our drivers to check their weight on the FIA scale in the scrutineering area during that day, could you please consider moving the deadline of filling the weights on ACO Tech **to the completion of scrutineering checks** of the relative Competition.”

By doing so, each competitor would be able to fill the exact drivers’ weights on ACO Tech for each Competition.

Thanking you in advance for your reply.
