# Driver Performance Review

LMGTE AM

FIA WORLD ENDURANCE CHAMPIONSHIP

## General Information

This report is using solely timing data available to the teams via Alkamel without any consideration of factors that would influence the performance such as ambient/track conditions or race strategy (tire wear, fuel saving, etc.)

Raising average and box plot charts of the lap time are presented in the report, as well as a summary table of the computed ranking.

Data has been filtered to only keep lap times which are flying laps; in/out laps and VSC/SC laps have been removed from the purpose of this study.

# Entry List
