PURPOSE OF THE REQUEST

Dear Committee,

We have declared (approved) a Team Test day on 11th September for filming activities in Fuji, which will consume more track time than given in a Special test (track time 18:00 – 24:00).

2 PROVISIONS REGARDING THE USE OF TYRES 2.1 Tyres used for Testing must only be supplied by the designated tyre manufacturer, in compliance with these Regulations.

2.2 Unless stated otherwise in these Regulations, Testing must be carried out on tyres of the specifications declared for the corresponding Championship's Competitions.

Art. 2.2 states that a Team Test must be carried out on Spec tyres, but we would like to perform the filming on transport tyres (as normally used for special testing)

Can we have the approval to run the transport tyres for this filming activity, or can you extend the running time for this test, so that we can declare this filming as a Special Test, for which transport tyres are mandatory.
