(AMENDED*)

CLARIFICATION

For avoidance of doubt and to answer several questions, until further notice the following procedure will apply:

A driver who is shown a Black and Orange flag must comply with the FIA ISC (Appendix H, Article 2.5.4.1 e) and must stop at his pit on the next lap, regardless of pit entry status.

If the pit entry is closed at that moment, the Competitor must comply with Article 12.2.1 of the Sporting Regulations, without prejudice of the provisions and penalties of Appendix 4.
