BOP Measures	Fuel sampling	BOP Measures
Brake Blanking	Car dry weight	Brake Blanking
Fuel sampling	Skid block thickness	Minimum ground clearance
Car dry weight	Splitter height	Car dry weight
Tyre check	Data check	Tyre check
Gurney Heights	Tyre check	Fuel sampling
Rear wing profile	Le Mans Kit EVO29	Gurney Heights
Scan bodywork elements	Wheelbase	Reference plane position
Wheelbase (scan)	Front overhang	Splitter weight
Front overhang (scan)	Rear overhang	Total length
Rear overhang (scan)	Crashbox mounting	Wheelbase
Overall width (scan)	Engine air restrictor diameter	Front car width
Overall Height (scan)	Gearbox ratio (datas check)	Rear car width
Front plank stiffness	Wheel Camber	Splitter position
Rear wing deflection	Brake blanking	Rear diffuser position
Splitter Profile	Front brake disc external diameter	Check of BOP Sensors (torquemeter)
Engine water radiator (Weight, picture, dimensions)	Rear brake disc external diameter	Front Brake Disc Full Inspection
Engine Oil Radiator (Weight, picture, dimensions)	Number of holes front brake disc	Rear brake disc full inspection
Intercooler (Weight, picture, dimensions)	Number of holes rear brake disc	Brake cooling (scoop, duct...)
Check of BOP Sensors (torquemeter)		Front Brake Caliper
Visual Inspection & Dimensions - Dampers front		Rear brake caliper
Visual Inspection & Dimensions - Dampers rear		
Front Brake Disc Full Inspection		
Rear brake disc full inspection		
Brake cooling (scoop, duct...)
